YULIYA BODNAR

Experienced Childminder with a strong background in providing comprehensive care and support to children, ensuring their safety and well-being. Demonstrated flexibility and strong work ethic while managing daily routines, preparing meals, and organising activities. Previous role as an Apprentice at GP Assemblaggi involved electrical wiring setup, stock organisation, and translating documents, showcasing precision and teamwork skills. Proficient in multiple languages including Italian, English, Ukrainian, Spanish, German, and Russian. Career goal includes leveraging diverse skill set to contribute effectively in dynamic environments.

Work history

Childminder

January 2024

Current

Ridgway Family, Dublin, Dublin

- Supervised and supported playtime, extending children's interests and ensuring safety and security.
- Assisted children with cleaning tasks, such as washing, bathing and showering.
- Helped children get ready, dressed and cleaned and prepared for outings.
- Kept house clean during childminding activities by clearing mess after activities, maintaining excellent client satisfaction.
- Took children to activities, school and places when required, while following safe driving practices and highway code.
- Consulted with parents before starting care to obtain extensive knowledge of timetables, care required and dietary plans.
- Prepared breakfast, lunch, dinner and snacks, following parents' dietary plans.
- Stayed vigilant and aware of surroundings throughout childminding activities, ensuring children stayed safe and protected.

Apprentice

July 2019

November 2022

GP Assemblaggi, Pian Camuno (BS), Italy

- Executed tasks involving electrical wiring setup and stock organization.
- Observed senior team members' workflows to understand established processes.
- Utilized supervisor and peer feedback to enhance performance.
- Accomplished designated tasks meticulously.

Education

Diploma of Higher Education: Foreign Languages

Liceo Cesare Battisti, Lovere (BS), Italy

Bachelor Degree : Foreign Languages and Literatures

University of Bergamo, Bergamo, Italy

- Coursework focused on intercultural processes, integrating disciplines such as Sociology, Statistics, Territorial Governance, Linguistics, Literature (Italian, German, and English), Anthropology, and Communication Strategies.
- During my second year, I participated in a semester abroad at Georg-August-Universität Göttingen in Germany, where I further developed my proficiency in German and English while immersing myself in a dynamic international academic environment. This experience not only enhanced my language skills but also strengthened my adaptability and problem-solving abilities as I navigated both academic and everyday challenges in a new cultural and organizational context.
- During my studies, I also explored a variety of subjects, including a Film course that analyzed different cinematic genres, as well as courses in Visual Communication and Advertising. These subjects sparked my interest in the fields of communication and media, prompting me to pursue related online courses while working as a childminder. This allowed me to further expand my knowledge and refine my skills in communication strategies and media engagement.

Front-end Development

Coursera, Dublin

Course that focuses on the basics of Front-end development, with a general introduction to the main technologies (HTML, CSS and JavaScript) and mechanisms involved.

Web Design

February 2025

IBAT, Dublin

May 2025

The course focused on:

- Master HTML5, CSS3, and advanced tools to craft visually appealing and functional websites.
- Use AI and modern technologies to elevate designs.
- Create dynamic sites with multimedia, fonts, colors, and icons.
- Design interactive e-commerce websites optimized for search engines.

References:

"Yuliya Bodnar completed a part-time, online Diploma in Web Design course at IBAT College, Dublin, from February to May 2025. I found Yuliya to be a hard-working student who completed her assigned projects on time and to a very high standard. I have no hesitation in recommending Yuliya for a role in web and front-end design."
